

SEPAR NET VE7HME

Announcement on Air	Net Control Action Item
<p>Good evening to all stations and welcome to the Surrey Emergency Program Amateur Radio Net. This net is held every Tuesday evening at 19:30 hours local time on this frequency, 146.550 MHz simplex.</p>	
<p>My name is _____. I will be the Net Control Station this evening. SEPAR, Surrey Emergency Program Amateur Radio is under the direction and guidance of the Surrey Fire Service and is an integral part of Emergency Social Services response for Surrey, British Columbia.</p>	<p><i>Insert your name and call</i></p>
<p>The Mandate of SEPAR is to provide communications between various agencies that may be without their own communications system or network.</p> <p>This is VE7HME Net control for the SEPAR net.</p>	
<p>The agenda this evening will start with:</p> <ol style="list-style-type: none"> 1. Check-ins from the districts of Surrey in random order, 2. Followed by announcements from the SEPAR Coordinators, 3. A recall for late or missed members or interested amateurs, 4. Question and answer period for listeners to query the coordinators, 5. Final comments from the Coordinators, and 6. The closing of the net. 	
<p>We will begin the SEPAR roll-call by calling the Captain or Co-Captain from:</p> <ul style="list-style-type: none"> • White Rock/South • Surrey Newton • Cloverdale • Guildford /Whalley • Fraser Heights 	<p><i>Call each area and listen for a response from the Captain or Co-captain.</i></p> <p><i>If the captain answers, ask him to call or delegate a member to call his area members and interested Amateurs from his area</i></p> <p><i>If no answer from the Captain try again for the Co-Captain.</i></p> <p><i>If no response from Captain</i></p>

	<p><i>or Co-Captain call for any SEPAR members or interested Amateurs for that area).</i></p> <p><i>If nothing is heard ask if there are any relays.</i></p>
Thank you for checking in to the SEPAR net, I copy (<i>insert number</i>) members from (<i>specify area</i>), please stand by for messages that may come near the end of the net.	<i>Insert appropriate number and area.</i>
SEPAR roll-call	<i>Continue above format through all the areas.</i>
Thank you to those who have checked in so far this evening. I will call for any late or missed after the SEPAR announcements.	
Now a call for the SEPAR Coordinator and Deputy Coordinators, come now please. This is (<i>call-sign</i>).	
Net control acknowledges	<i>VE7___, VE7___, etc.</i>
Are there any announcement from the Surrey Emergency Program Amateur Radio Coordinators, come now please. This is (<i>call-sign</i>).	<i>Acknowledge returning stations and repeat in brief the theme of the message for those who may be in the simplex fringe areas.</i>
This is the SEPAR net control station (<i>call-sign</i>), are there any late or missed SEPAR members or other interested Amateurs in the Surrey Area wishing to check into the net this evening? Come now please.	
Are there any other licensed Amateurs listening wishing to check into the net this evening? Come now please. This is (<i>call-sign</i>).	<i>If nothing is heard ask if there are any relays.</i>
Information regarding the Surrey Emergency Program Amateur Radio can be obtained via: www.separ.comm.sfu.ca . All SEPAR contact information is available on the website. Please contact Fred Orsetti, VE7IO, at ve7io@arri.net for further information.	
If you have any questions or information for the SEPAR Coordinators please identify yourselves now. This is (<i>call-sign</i>).	<i>Acknowledge returning station, repeat in brief, the question for the benefit of fringe stations. Repeat the</i>

	<p><i>Coordinators reply.</i></p> <p><i>Ask again until all questions have been addressed. If nothing is heard ask if there are any relays.</i></p>
<p>Are there any further comments or information from the SEPAR Coordinators?</p>	<p><i>If nothing is heard ask if there are any relays.</i></p> <p><i>Repeat, in brief, for the simplex fringe areas.</i></p>
<p>This now concludes the SEPAR net. My thanks to all those who participated and to those providing a clear operating frequency.</p> <p>The next scheduled net will be on this frequency, 146.550 MHz simplex next Tuesday evening (<i>insert date</i>) at 19:30 hours local time.</p>	<p><i>Insert date</i></p>
<p>Check in total this evening was (<i>insert total</i>).</p>	<p><i>Total check-ins</i></p>
<p>The net is now closed at ____ PM... 73</p>	<p><i>Insert time</i></p>
